

# Enable the Resource Lists tool in Learn

<http://resourcelists.ed.ac.uk> | [@ResourceListsEd](#) | [Library.Learning@ed.ac.uk](mailto:Library.Learning@ed.ac.uk)

After publishing your Resource List, follow these steps to ensure your list is visible to students in Learn

1. Log in to Learn and navigate to the course.
2. In the left-hand navigation, find 'Resource List' and click on the drop-down arrow to the right. Select 'Show link' (if it is already showing, you will not have this option).

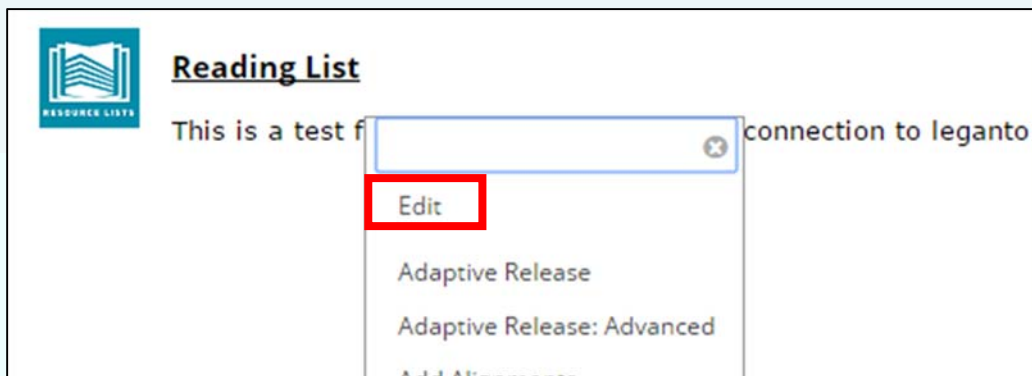

3. Click on the Resource List link in the navigation. You should see the following:

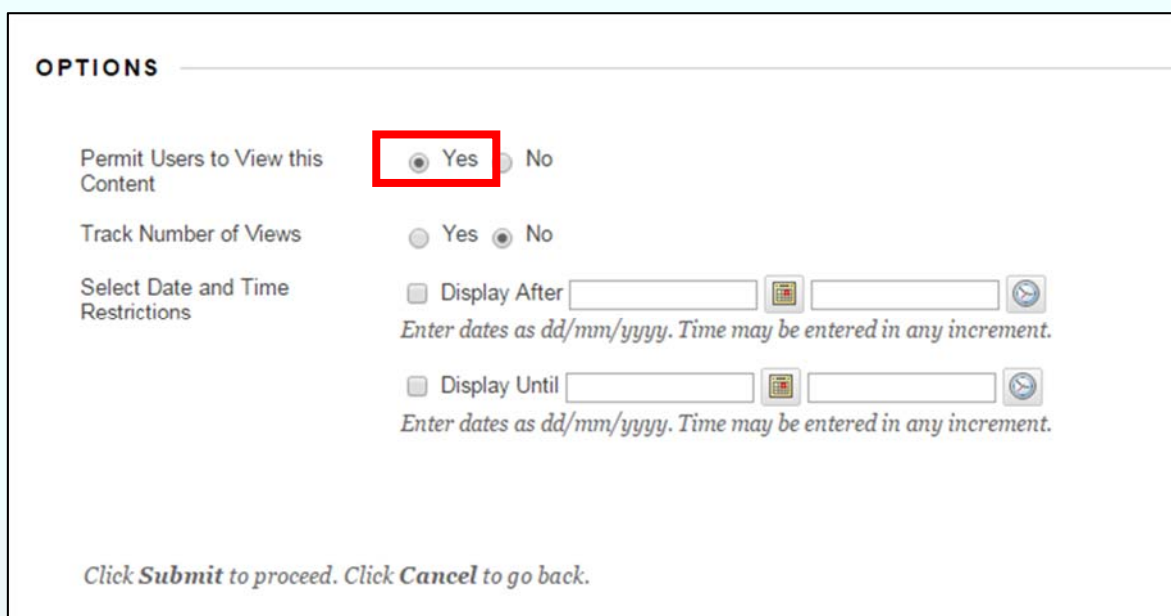

4. Click on the arrow to the right of 'Resource List'.

5. Select the 'Edit' option.

6. On the next page, select 'Yes' against 'Permit Users to View this Content'.

A screenshot of an 'OPTIONS' form. The first option is 'Permit Users to View this Content', with radio buttons for 'Yes' (selected and highlighted with a red rectangle) and 'No'. The second option is 'Track Number of Views', with radio buttons for 'Yes' and 'No'. The third option is 'Select Date and Time Restrictions', which includes two checkboxes: 'Display After' and 'Display Until'. Each checkbox is followed by a date input field, a calendar icon, and a time selection icon. Below these fields is the instruction: 'Enter dates as dd/mm/yyyy. Time may be entered in any increment.' At the bottom of the form, it says 'Click **Submit** to proceed. Click **Cancel** to go back.'

7. Click 'Submit'. Your list should now be visible to students.

**ⓘ Please note:** you will not be able to click through to the Leganto list in 'student view', but if you can see the Resource List link and are able to click through to the reading list as an instructor, the link will be working for students.
